ABOUT THE BRITISH BLOCKCHAIN ASSOCIATION

Established in 2017, The British Blockchain Association (BBA) is one of the world's most powerful voice in the blockchain industry. It is a not-for-profit organization. The BBA is an advocate for Evidence Based Practices, representing both industry and the academia in establishing benchmarks, frameworks and standards. BBA's advisors are internationally recognised thought-leaders, drawn from the worlds of intersecting the Blockchain/DLT ecosystem.

Our Advisors and Editors are from:

The BBA connects policymakers, blockchain engineers, venture capitalists and visionaries to advance the understanding, acceptance and application of Blockchain/DLT technologies. The BBA Student Forum is the Student wing of the BBA and is responsible for the voice of Blockchain within Academia. We have been invited to contribute to Chatham House's Blockchain events (Royal Institute of International Affairs) and UK Financial Conduct Authority (FCA) Crypto Asset task Force. We are working in collaboration with Department for International Trade, All Party Parliamentary Group on Blockchain (APPG UK), BBC Global News, United Nations GCPSE, British Embassies and Enterprise Ethereum Alliance.

ABOUT THE JBBA

The JBBA is world's first peer reviewed, academic Blockchain journal that is available both in-print, and online. JBBA provides a forum for authors to share Blockchain research including 'proofs of concepts', knowledge transfer, 'proofs of impact' and experimentation across a wide range of industries and technologies in which Blockchain is being deployed. It also covers aspects of interdisciplinary and cross-forum work in the field of DLT relevant to industry professionals, public sector, government, academia and enterprises.

JBBA is fully Open Access, free to read and download by anyone, anywhere in the world.

Since its launch, the journal has received tens of thousands of page views and has in excess of 10,000 unique visitors from over 150 countries. Contact us for the latest impressive statistics about JBBA's worldwide reach and how your organization can benefit with these connections.

JBBA has published research by scholars from some of the most prestigious international institutions: University College London Centre for Blockchain Technologies (UCL CBT), European Parliament, Edinburgh Napier University, University of Manchester, University of Essex, RMIT University, Australia, ConsenSys, Members of UK Parliament, University of Chicago Booth School of Business, USA, Capitol Technology University, USA, Ulster University, UK & University of Queensland, Australia.
