POLICYMAKERS ON BBA'S NATIONAL BLOCKCHAIN ROADMAP (VISION 2030)

“

This framework sets out a blueprint to devise the UK's National Blockchain Roadmap. It is a concise summary of the key recommendations that aim to inspire and reform Britain's DLT landscape. The principles and recommendations put forward in this excellent framework will position the UK at the forefront of DLT leadership.

Rt Hon Martin Docherty-Hughes MP

Chair, UK All-Party Parliamentary Group on Blockchain

“

This is a landmark report. There was an emergent need to establish a scientific blueprint that provides objectivity and precision to deliver the next 10-15 year DLT roadmap for the UK. These recommendations will provide the foundation of targeted action steps, policies and benchmarks to advance best practices. I truly believe that this report will become a milestone in setting the agenda and scientific policy framework for the UK's National Blockchain Roadmap. I look forward to building a more trusted UK DLT economy with the BBA."
